

Additional Terms & Conditions for Use of Android Pay to Supplement Your THAT Visa® Prepaid Card Cardholder Agreement

Please read these terms and conditions (“Agreement”) carefully. This Agreement governs your use of your THAT Visa® Prepaid Card through Android Pay on any payment-supported device developed or authorized by Google, Inc. (“Google”) from time to time to support Android Pay (“Eligible Devices”). In this Agreement, “Bank” means First National Bank, Member FDIC, and the issuer of your card and account. “You” and “your” refers to the person who has received the Card and who is authorized to use the Card as provided for in this Agreement. “Card” means the THAT Visa® Prepaid Card, including both a Plastic Card and a Virtual Card, issued to you by us pursuant to a license from Visa U.S.A. Inc., and distributed and serviced by Cascade Financial Technology Corp. “Program Manager” means Cascade Financial Technology Corp. “We,” “ us,” and “our” mean the Bank, and its successors, affiliates or assignees. By activating or using your Card or Account, you agree to this Agreement. If you do not agree to the terms of the Agreement, do not activate or use your Card or Account. The term "Android Pay" means the Android Pay mobile payment functionality offered by Google and the Card provisioning functionality performed, and transaction history displayed, by the digital wallet application, on the Web, and on any other Eligible Device. The Program Manager will determine, in its sole discretion on the Bank’s behalf, which Cards will be eligible for use through Android Pay.

Please review this Agreement before you decide whether to accept them and continue with the addition of your Card to Android Pay. You consent to the receiving of this Agreement electronically. By using a Card in Android Pay you agree to only use your Card through Android Pay in accordance with this Agreement. If you do not agree to this Agreement, then you may not add your Card to or use your Card in connection with Android Pay. This Agreement supersedes any prior Agreement you may have agreed to with respect to access to and the use of Cards through Android Pay. You agree that this Agreement governs your access to and use of Cards through Android Pay on all Eligible Devices. Your use of Android Pay to purchase goods and services with your Card is still governed by the Cardholder Agreement between you and us, in connection with your Card, and all such terms and conditions, including the pre-dispute arbitration clause, contained in the Cardholder Agreement. The Cardholder Agreement is incorporated by reference as part of this Agreement. The arbitration provision applies to any disputes between you and us arising from your access to or use of Cards in connection with Android Pay. If any inconsistency between the two documents, this Supplement will control for the use of Android Pay.

You also acknowledge that your use of Android Pay is subject to the terms and conditions set forth by Google with respect to the use of Android Pay.

ELIGIBILITY / ENROLLMENT

Android Pay is available to you for the purposes of purchasing goods and services with an Eligible Device at merchants that accept Android Pay as a form of payment through near field communication (NFC) enabled payment terminals and for in-app purchases and authorized merchant websites when using a compatible browser. Android Pay allows you to use your Eligible Device to access and use your Card to make such purchases in place of presenting or using your physical Card and to make purchases in-app or on websites at merchants participating in Android Pay. When you select a Card to use with Android Pay, certain account information related to the Card will be transmitted to and stored within your Eligible Device or on Google’s cloud platform to facilitate your participation in Android Pay. Once the account information for a Card has been stored on your Eligible Device, it is represented by a virtual representation of your Card within Android Pay. By adding this Card to Android Pay or selecting this Card as the default

card in Android Pay, unlocking and/or placing your Eligible Device near a merchant's contactless-enabled point-of-sale terminal or reader or using this Card for an in-app or website purchase, you are authorizing the payment for the merchant's products or services with that Card with Android Pay. To complete transactions above a certain dollar amount, merchants may require presentation of a physical companion card or a government-issued form of identification for inspection at the point-of-sale to authenticate your identity. You may need to present your Eligible Device at a merchant when you return an item purchased using Android Pay on such Eligible Device. You authorize your wireless operator (AT&T, Sprint, T-Mobile, US Cellular, Verizon or any other branded wireless operator) to disclose your mobile number, name, address, email, network status, customer type, customer role, billing type, account activation date, and device make and model, where provided in accordance with your mobile operator's privacy policy, to allow verification of your identity and to compare information you have provided in connection with your Card Account with your mobile operator account profile information. This disclosed data may be used and stored for fraud prevention purposes and/or to complete transactions.

YOUR USE OF YOUR CARD THROUGH ANDROID PAY

Please review the Cardholder Agreement, as applicable, for important information on your rights and responsibilities when making purchases. If your Eligible Device is lost or stolen, your fingerprint identity or passcode is compromised or Card has been used through Android Pay without your permission, you must notify the Program Manager, as agent for First National Bank, immediately using the number provided on the back of your Card or by logging on to www.thatprepaidcard.com. If you fail to notify us without delay, you may be liable for part or all of the losses in connection with any unauthorized use of your Card in connection with Android Pay. Refer to your Cardholder Agreement for information regarding your liability for unauthorized transfers.

You agree and acknowledge that the transaction history displayed in Android Pay, in connection with use of your Card in Android Pay, solely represents our authorization of your Android Pay transaction and does not reflect any post-authorization activity including, but not limited to, clearing, settlement, foreign currency exchange, reversals, returns or chargebacks. Accordingly, the purchase amount, currency and other details for your Android Pay transaction history in connection with use of your Card in Android Pay may not match the transaction amount that ultimately clears, settles and posts to your Card Account. We do not impose a fee for using your Card through Android Pay. Your telecommunications carrier or provider or Google may impose web-enablement, data usage or text messaging fees or other charges for your use of Android Pay.

Devices modified contrary to the manufacturer's software or hardware guidelines, including by disabling hardware or software controls—sometimes referred to as "rooting" — are not Eligible Devices. You acknowledge that the use of a modified device to use your Card in connection with Samsung Pay is expressly prohibited, constitutes a violation of the Agreement, and is grounds for us to deny your access to your Card through Samsung Pay. You acknowledge that in some instances your Eligible Device can be used to make purchases using Samsung without waking the Eligible Device.

You agree that we may collect, transmit, store, and use technical, location, and login or other information about you and your use of the Cards through Android Pay. Inc. and its affiliate Interlink) as well as such network's sub-contractors, agents, and affiliates, will have access to certain details of your transactions made with merchants via use of your Cards through Android Pay. We will use, share and protect your personal information in accordance with our Privacy Policy applicable to your Card Account. A copy of our Privacy Policy is available for review in your Cardholder Agreement. You acknowledge that the use and disclosure of any personal information provided by you directly to Google, the applicable payment network branded on your Card or other third parties supporting Android Pay will be governed by such party's privacy policy and not First National Bank's Privacy Policy.

You agree to receive notices and other communications by e-mail to the e-mail address on file for your Card. Subject to applicable law and your Cardholder Agreement, all matters, including delivery of goods and services, returns, and warranties, are solely between you and the applicable merchants. You acknowledge that we do not endorse or warrant the merchants that are accessible through Android Pay or the Offers that they provide.

We may amend or change this Agreement at any time without prior notice to you except as required by applicable law. You will be notified of any change in the manner provided by applicable law prior to the effective date of the change. You are bound by such revisions and should therefore review the current Agreement as posted on the Program Manager's website at www.thatprepaidcard.com from time to time.
